OBJECTIVE

BCA student with hands-on experience building React and MERN-based web applications, seeking a frontend or full-stack internship to contribute to real-world products and improve performance, usability, and scalability.

EDUCATION

IIMT Group of Colleges, Greater Noida

Greater Noida, India

Bachelor of Computer Applications (BCA) (2024 – 2027)

SKILLS

- **Front-End Development:** HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Back-End Development:** Node.js, Express.js
- **Database Management:** MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, Postman,
- **Programming Languages:** JavaScript, Python, C&C++

PROJECTS

Finance Tracker (React-Based Web Application)

Technologies: React.js, JavaScript, Tailwind CSS, State Management

- Built a modern finance tracking application to manage income and expenses with a clean and intuitive dashboard UI.
- Implemented reusable React components and state management for real-time updates of financial data.
- Focused on responsive design, user-friendly experience, and organized data visualization.
- Strengthened frontend architecture skills and practical React development experience.

Freelancing Platform (Full-Stack Web Application)

Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js), JWT, REST APIs

- Designed and developed a full-stack freelancing platform where users can register, post jobs, and apply for projects.
- Implemented secure authentication using JWT and role-based dashboards for users.
- Built RESTful APIs and implemented CRUD operations for users and job listings.
- Focused on end-to-end functionality, scalability, and responsive front-end design.
